## **PRESS RELEASE**

FOR IMMEDIATE RELEASE

CONTACT: Marilee Johnson, Public Information Coordinator – 970.522.0888 ext. 253

### **COUNTY RELEASES NEW LINK FOR COVID-19 INFORMATION**

The Logan County Board of County Commissioners has launched a new link on the county's website to provide a clearinghouse of information for county residents.

“This is intended to act as a one stop shop for information for our residents during this unprecedented time,” said Commissioner Chairman Joe McBride. “We understand the importance of attempting to provide the most comprehensive data available. Working with our emergency manager and public information coordinator, we want to make it as effortless as possible for our community to obtain updates and other information regarding COVID-19.”

The COVID-19 link can be found on the Logan County's website at [www.colorado.gov/logan](http://www.colorado.gov/logan). The link, “Logan County COVID-19 Information Clearinghouse,” will include press releases, information for business and agriculture, plus current closures and other announcements.

In addition, the commissioners encourage everyone to help slow the spread of COVID-19, influenza and other viruses by:

- Staying home if you're sick; keeping your children home if they are sick.
- Covering coughs and sneezes with a tissue, then throw the tissue in the trash.
- Avoiding close contact with anyone who has cold or flu-like symptoms.
- Practicing good hygiene. Thoroughly and frequently wash your hands with soap and water; in the absence of soap and water, use hand-sanitizer with at least 60% alcohol.
- Cleaning and disinfecting frequently touched objects and surfaces.
- Increasing distance between people to six feet.
- Avoiding unnecessary travel.
- Observing the state public health order to limit gatherings to no more than 10 people.
